

Official USDA Swine Premises Tags

*Compliance with Voluntary National
Animal ID System (NAIS)*

The Swine Premises Tag consists of a pink tamper-proof button and a pink visual panel stud. Each tag carries the official US shield, the assigned alphanumeric seven character standard PIN (Premises Identification Number) and a notice stating "UNLAWFUL TO REMOVE." Space is also available on visual panel for producers wanting to included an individual management number.

NAIS Program Details:

- Tags Must be Applied Prior to Harvest Channel Entry
- Tags Must Have Premises ID Number and Shield
- Cull Sows and Boars Required to have PIN Tag
- PIN of Last Farm Required

Purposes:

- Supports Comprehensive Disease Surveillance Programs
- Improves Trace-back Accuracy, Speed and Efficiency
- Meet USDA and Pork Industry Standards
- Part of NAIS
